

FOR IMMEDIATE RELEASE

## **CHS named McKesson's 2007 Consultant of the Year**

**PALMER, MA (JANUARY 2008)** – Complete HealthCare Solutions, Inc. is proud to announce that they have once again been named "Lytec Consultant of the Year" by McKesson Corporation; they were also named the "Lytec Consultant of the Year" for 2006.

"We are so proud to receive this award for the second time. To be chosen as the 'Consultant of the Year' out of nearly 80 VARs means that our hard work and dedication stands out amongst our competitors," said Michael Penna, President and Owner of CHS. "Our mission is to help our clients improve their level of patient care and we will continue to do everything we can to make that happen."

CHS has also been recognized as a Certified Pinnacle VAR, for Outstanding Achievement from the VAR Achievement Club and membership on the Lytec Advisory Board for four years.

### **ABOUT COMPLETE HEALTHCARE SOLUTIONS, INC.**

Complete HealthCare Solutions, Inc (CHS) is a privately owned company; founded in 1994 by Michael A. Penna. The CHS mission is to improve the level of care patients receive from their healthcare professionals by providing software solutions to address every level of patient care and practice management. Over the course of its history, CHS has grown into a national company and a recognized VAR from both McKesson Corporation and MediNotes. For more information, visit <http://www.completehealthcaresolutions.com>.

### **ABOUT MCKESSON CORPORATION**

McKesson Corporation, currently ranked 18th on the FORTUNE 500, is a healthcare services and information technology company dedicated to helping its customers deliver high-quality healthcare by reducing costs, streamlining processes, and improving the quality and safety of patient care. McKesson is the longest-operating company in healthcare today, and in 2008 is marking 175 years of continuous operations. Over the course of its history, McKesson has grown by providing pharmaceutical and medical-surgical supply management across the spectrum of care; healthcare information technology for hospitals, physicians, homecare and payors; hospital and retail pharmacy automation; and services for manufacturers and payors designed to improve outcomes for patients.
